80.	On 26 September, about 40 six-wheel armored personnel carriers on flatcars with sideracks stood at the Oranienburg railroad station. Soviet soldiers were in about 5 freight cars. The unit was not observed to have been unloaded or redispatched.	25X1
9.	On 24 September, 1 freight car with 10 soldiers and 10 officers and 1 SSy-type car with 2 x 76.2-mm AT guns were shipped from Fuerstenwalde to Moegelin. 5 On 25 September, 7 T-34/76 tanks and 3 SU-100s were shipped to the KVP in Neubrandenburg from the direction of Rosslau. 6 On 2 October, 1 RRy-type car with T-34/85 was shipped from Dranse to Kirchmoeser.	25X1
i proc.	Comment. A large GOFG tank repair shop for heavy tanks is located in Kirchmoeser.	
2,	Comment. Possibly, troop shipments.	
3.	Comment. The arrival of new rocket launchers is known from previous reports.	25X1
Az u	Comment. The first shipments of armored scout cars for the KVP were observed to arrive in Oranienburg in mid-September. Oranienburg appears to be distributing station. Armored scout cars continued to arrive in early October.	25X1
5.	Comment. A central weapon depot of the GOFG is located in Fuerstenwalde. The shipments in paragraphs 6 and 9 are identical.	
6,	Comment. The delivery to the KVP of repaired Soviet tanks has repeatedly been observed.	÷ •
7.	Comment. The shipment is assumed to have been bound for the KVP. It is believed to be identical with train listed in a previous report.	25 X 1
